## TREAT YOURSELF OR YOUR FAVOURITE BEER SAVANT!

As we all know Santa has that big ol' bowl full of jelly, it's always Jiggling and bouncing around whilst he spreads his cheer. Now, you may ask yourself; how does he maintain that wonderful Christmas physique?

Although cookies may be his mainstay, and we certainly know he indulges in many other tempting holiday desserts, not so many people are aware of the other reason for him being so 'Jolly' around the edges - BEER! This year deVine Wines has combined some of Santa's favorite treats and beer styles to bring you this year's edition of our Santa's Surprise Sack! This little bag of goodies is for all the beer lovers on your list - whether they've been good or not! Featuring four hard-to-find, festive-style, seasonal beers, all by the craft brewers that you love. Chosen for you by our own in-house beer chap, this sack is exclusive to deVine Wines & Spirits, so get yours before they're gone. We're thinking you won't be able to wait too long before you open yours!

Merry Christmas!
